RapidFit™
by REARO™
the advantages

RapidFit™ is the revolutionary new system from **Rearo** in integrated washroom suites.

Designed to be ideal for the majority of room environments, **RapidFit™** is a simple, modern system that does not compromise on quality.

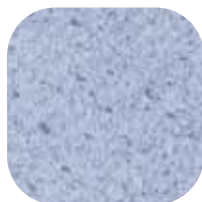

The range has been tailored to suit the needs of the customer, available in convenient packs and a variety of colours, the system incorporates most standard sanitaryware sizes.

Concealed cistern wall panels in Nova Lilas

Available Colours:

Nova Lilas

Maryland Clair

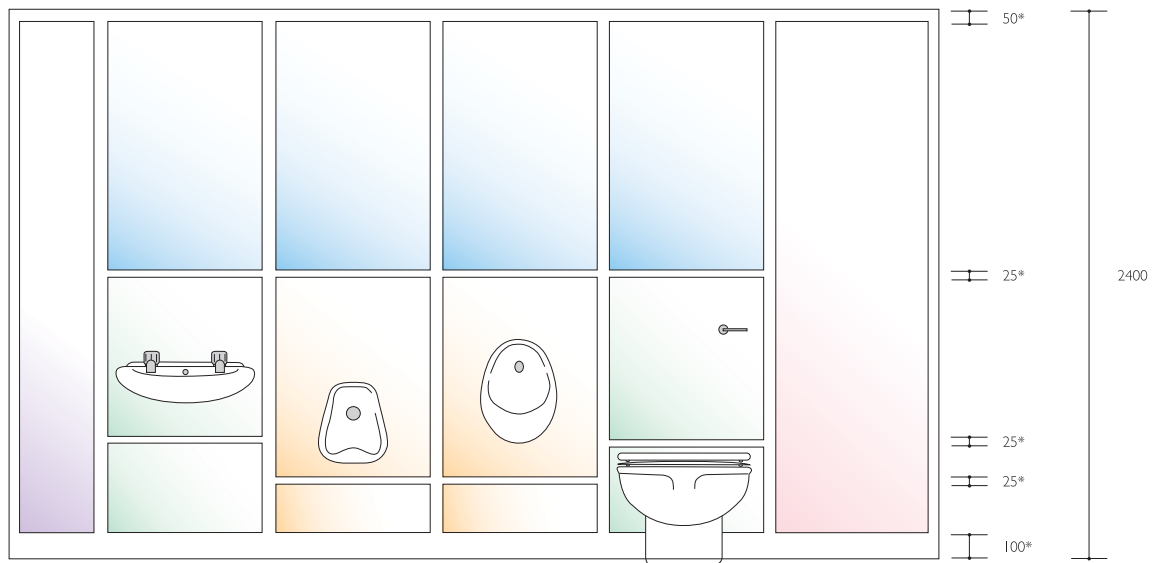

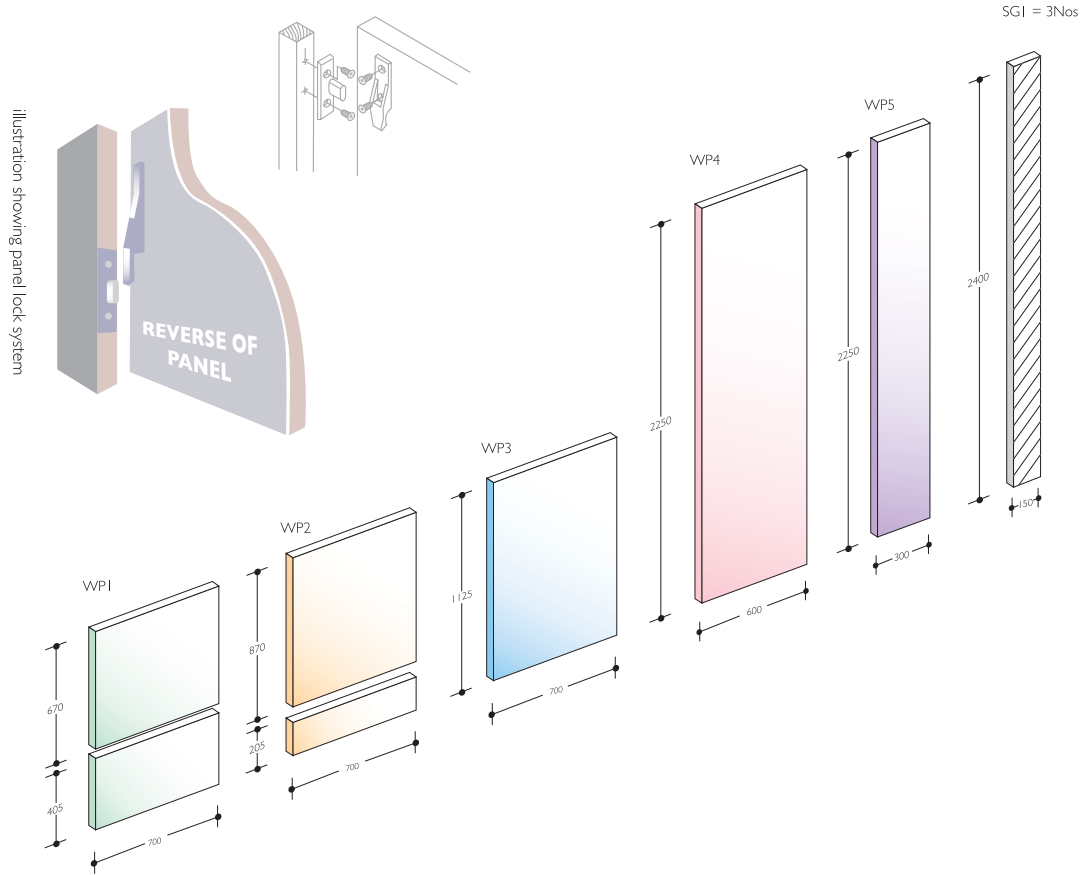

Cosmic Beige

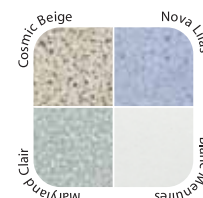

Blanc Menuires

-  available 'off the shelf' from your local distributor.
-  available in four popular washroom colours - Nova Lilas, Maryland Clair, Cosmic Beige and Blanc Menuires by Polyrey.
-  system is designed to incorporate most standard sanitaryware sizes and covers entire washroom area. Including cubicles, vanity units, wall panels and access panels.
-  all components are well manufactured in 19mm moisture resistant MFC (melamine faced chipboard) with robust 2mm colour matched pvc edging.
-  all wall panels are fully de-mountable to allow maintenance access (with no face fixings showing).
-  all cubicles are supplied with the necessary corrosion resistant satin anodised aluminium ironmongery with anti-vandal screw fixings.
-  all components are supplied flat packed and well packaged.
-  all cubicle door panels come pre-routed for indicator bolt fitment.
-  loose edging available for on-site alterations, colour matched sealant available.
-  special sizes available on request.
-  system available for disabled outward opening cubicles and transverse / in-line arrangements.
-  nursery cubicles available by special request.
-  all cubicles include toilet roll holder and hat & coat hook as standard.

*Suggested Shadow Gap sizes.

RapidFit™ panels are specially designed to accommodate wc's, washbasins and urinals.

Maintenance is simple with all panels fully de-mountable, allowing easy access without compromising aesthetics.

Transverse Cubicle in Cosmic Beige

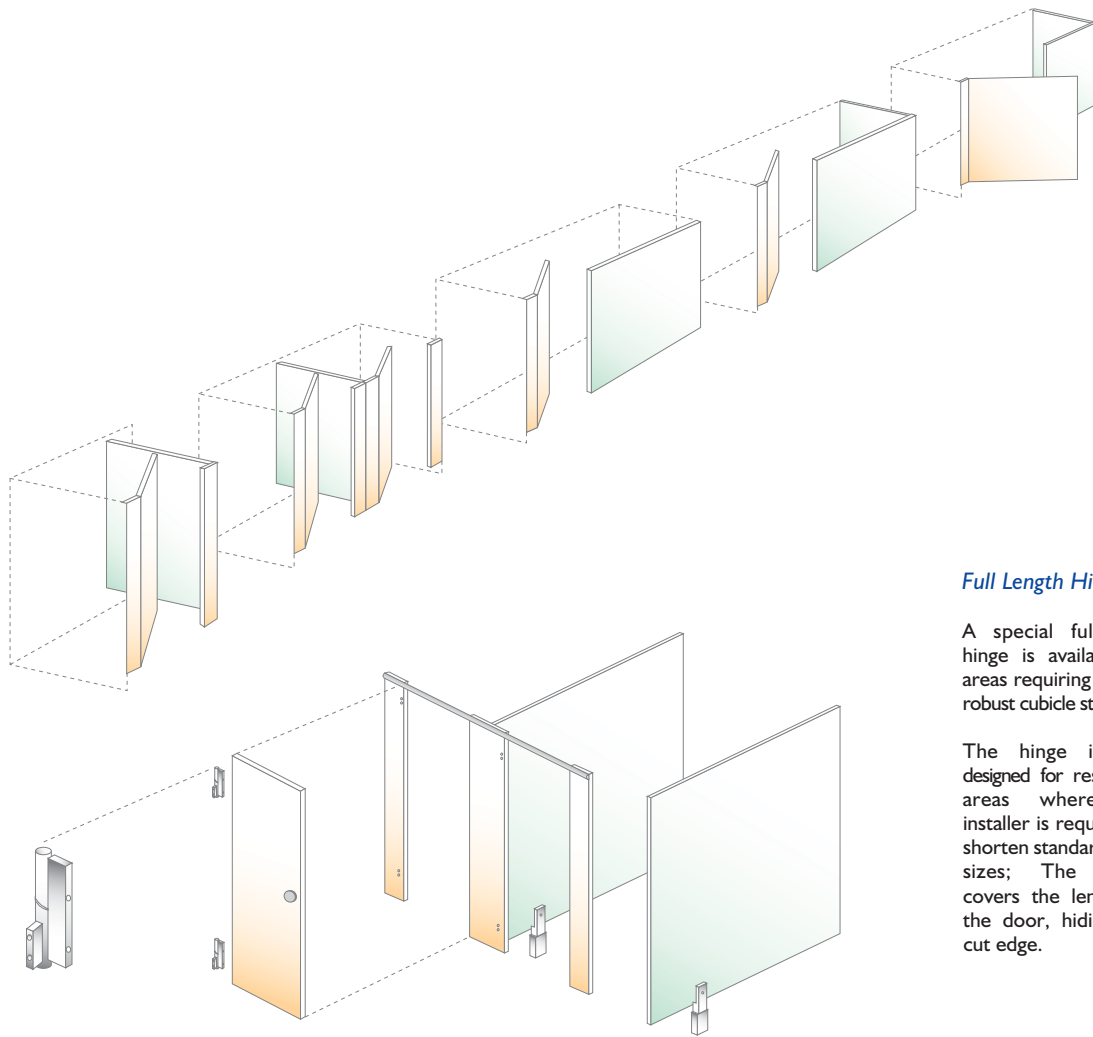

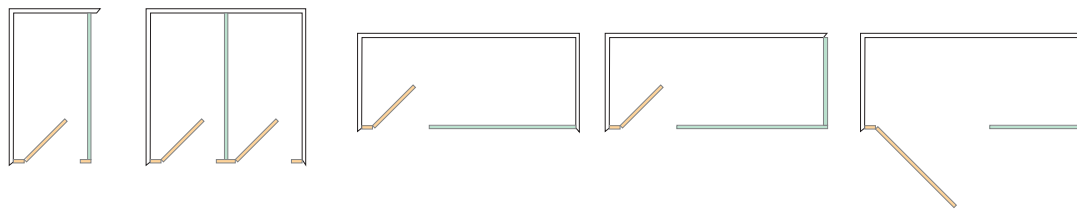

Standard Cubicle (corner sited arrangement) in Maryland Clair

Nursery Cubicles are also available (special order)

Headrail Detail (top), Vanity Unit detail (above left), Adjustable support (above right).

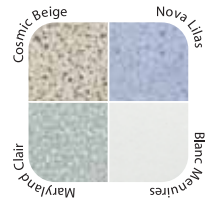

corner sited between walls transverse between walls transverse corner sited transverse corner sited with outward opening disabled door

Full Length Hinge

A special full-length hinge is available for areas requiring a more robust cubicle structure.

The hinge is also designed for restricted areas where the installer is required to shorten standard door sizes; The hinge covers the length of the door, hiding the cut edge.

RapidFit™ cubicles are manufactured in durable 19mm moisture resistant MFC with 2mm colourmatched PVC edging.

The system easily adapts to the required layout and is supplied in tailored packs.

RapidFit™ partitions and doors are available in four packs :

cubicle partition pack **CP**

cubicle door pack **CD**

headrail **CH**

disabled door **CDD**
(1750 x 940)

Framing and cut-outs arranged by others. Framing Not supplied.
Drawings not to scale.

RapidFit™ Vanity Units are designed to provide an excellent alternative to panel mounted basins.

These versatile units can be tailored to suit up to three basins.

All exposed edges are rounded to avoid sharp corners.

Vanity Units come in two size specifications along with a corner sited kit.

V1	40 kg*
kit contents	
1 x (1500 x 600mm) postformed top	
1 x (1500 x 75mm) upstand
